

ST. AGNES' LORETO DAY SCHOOL, LUCKNOW

Earth Day – (22nd April 2022)

It's a time when we celebrate and promote environmental education, inspire action and renew and expand commitments to protect our planet. In fact, the theme this year is INVEST IN OUR PLANET. Investing in our planet can take many forms: financial, physical political, artistic etc. To commemorate this day at St. Agnes' Loreto Day School, the JPIC team held an activity in which the topic given for the class boards was Earth Day. The girls decorated the soft boards according to the theme. They participated with enthusiasm and showcased brilliant ideas.

Furthermore, to add an essence to this day, an online assembly was prepared which carried relevant information. It was shown to the children in school on Smart Boards.
